## WORK EXPERIENCE:

---

### Debut Infotech Pvt. Ltd. (India)

Software Developer | 01/2023 to 09/2024

- Developed and maintained responsive front-end applications using **Next.js**, **TypeScript**, **Material-UI**, and **Tailwind CSS**.
- Delivered projects within deadlines, ensuring **API integration** and smooth data synchronization for a seamless user experience.
- Enhanced performance and user interaction by implementing **state management** using **Redux Toolkit** and **Redux-Saga**.

### Optimized Tech Solution Pvt. Ltd. (India)

Full Stack Developer | 01/2021 to 12/2022

- Designed and developed full stack web and mobile applications using **React.js**, **Node.js**, **Express.js**, **MongoDB**, and **SQL Server**.
- Built and **integrated RESTful APIs** for efficient client-server communication.
- Managed both frontend and backend development, delivering scalable solutions for long-term growth.

## PROJECTS:

---

### Lacrosse, USA ( Debut infotech pvt ltd india )

April-2024 - Sep-2024

- Developed a comprehensive lacrosse game website and web application, featuring distinct functionalities for **admin and user roles**.
- Created a visually appealing and **user-friendly interface** for the website, ensuring intuitive navigation and accessibility.
- Developed separate modules for admin and user roles, each with tailored functionalities to meet specific needs.
- Admin functionalities included content management, user management, and detailed analytics and reporting tools.
- User functionalities included game participation, progress tracking, and personalized recommendations based on user activity.

### Catalyst Playbook Academy, USA ( Debut infotech pvt ltd india )

Oct-2023 - March-2024

- Developed an innovative web application tailored for Rugby players, aimed at enriching their skills, tactical knowledge, and game insights through flashcards utilizing the Space Repetition Algorithm. The app displays these flashcards in a repetitive mode to enhance learning efficiency. **Lead, mentor, and manage a high-performing** marketing team, fostering a collaborative and **results-driven** work environment.
- **Collaborated** closely with **cross-functional teams**, including designers, back-end developers, and QA testers, to deliver a **high-quality product**.
- Integrated advanced features to enhance the user interface and user experience, catering to the specific needs of Rugby players.

### E-Bricks, India (Optimized Tech Solution )

Feb-2022 - Sep-2022

- Built a brick management app with admin/user roles using React js, and Bootstrap for a responsive UI.
- Developed backend with Node.js, Express.js, SQL Server, and integrated RESTful APIs.
- Implemented admin modules for brick/user management and analytics.

### Examination Mobile App, India (Optimized Tech Solution)

Sept-2022 - Dec-2022

- Built an Examination Mobile App using React Native for cross-device experience.
- Developed backend with Node.js, Express.js, SQL Server, and integrated RESTful APIs.
- Implemented efficient data flow and functionality for seamless exam management.

## EDUCATION:

---
